

October 2010 Monthly traffic update

3.8%

Auckland Airport's international passenger growth of 3.8% was driven by strong New Zealand and Asian growth while the traditional long-haul markets of UK and USA remain relatively weak.

0.6%

The MCTOW at Auckland is flat so far this financial year, with international growth being offset by decreases in domestic capacity.

2.9%

Auckland Airport's domestic traffic grew 2.9% despite the exit of Pacific Blue from the market on 18 October, which has had a negative impact on capacity.

28.7%

Cairns Airport's international passenger growth of 28.7% in October continues the very strong trend this financial year. Our other partner airports of Mackay and Queenstown are also continuing their exceptional growth.
